ADMINISTRATION

1. U.G.S.A., a non-profit corporation, was formed to make available for all girls in Utah, a softball program culminating in an annual state tournament and is administered separately for the following grades that they are completing:

Falcon League.....grades 3 & 4

Filly League.....grades 5 & 6

Fox League.....grades 7, 8 & 9

Any player who is home schooled will be classified in the grade she would be in if she were in the public school system. Players must play within their league. Any girl playing in any other league will result in a forfeit. The ONLY EXCEPTION to this would be if there is no younger team available, in which case we will allow younger players to play up.

- A. A player may only play in each league 2 years, 3 years in Fox League.
- B. If a player academically advances in school they remain in the league which they started play. League rule eligibility will still be in effect.

2. The U.G.S.A. Board of Directors and Area Directors with the U.G.S.A. will administer the functions of U.G.S.A.. State Falcon, Filly and Fox Directors will be an elected position. The State Secretary (non-voting member), Treasurer and Advisory Board Member will each be an appointed position.
3. Each community will be represented by one Area Director. The Area Director will have voting power at U.G.S.A. general meetings.
4. U.G.S.A. Board of Directors must attend at least two U.G.S.A. official meetings per year or send a representative, or they will be deemed inactive and will be replaced. The board member must be notified in advance of their replacement.
5. Past presidents may remain on the Board of Directors having voting power.
6. U.G.S.A. State Area Directors will help with league organization, rule continuity, and all phases of the state tournament, television and newspaper exposure, award presentation, etc.
7. The Utah High School Activities Association official rules will be used in governing the play for all leagues. U.G.S.A. regulations contain those exceptions to the official rules that are necessary in a youth program. Any interpretation to these regulations or official rules must be requested from U.G.S.A. State Directors. State tournaments will be governed by U.G.S.A. rules.

MEETINGS AND IMPORTANT DATES

1. **Winter Meeting – Late January/early February**
To discuss new rule changes and conduct all unfinished business. To confirm tournament dates and accept bids for tournament hosts for the current year.

2. **Important Dates**
 - A. First Friday in May – Report number of teams to U.G.S.A secretary.
 - B. May 20, 2022 – Early payment deadline. All team fees and rosters are due.
 - C. May 27, 2022 – Drop deadline for team payment and tournament berth.

3. **Post-Season Meeting**
A post-season meeting will be held in August. Date and time TBA. This meeting will be held at Spanish Fork Recreation Office. Area directors are asked to compile a season and post-season report of rules, tournament issues and needed amendments. These reports will be discussed at the meeting.

TEAM AND PLAYER ASSIGNMENTS

1. Organization of teams will be under the direction of each community. The selection and assignments of players will be on a fair and equitable basis. Each city must have their selection method approved by the State Board. Suggested methods to select or assign players are as follows:
 - A. Lottery
 - B. Alternate free selection
 - C. Blind draft selection

2. Players who may automatically be placed on a team without going through the normal draft process will be:
 - A. The daughter of the head coach. Head coach cannot be a rotated position from year to year for the purpose of gaining players.

- B. The sisters of players who are presently on the team roster.
 - C. Leagues desiring to automatically place any other player must receive approval from U.G.S.A. at the February meeting.
3. It is suggested that each team have 12/13 players on their rosters. Each team roster must be filled with the grade and uniform number of each person during the past school year. Please mail to the secretary by the June deadline with a registration fee for each team. (Area directors must advise the secretary of any roster changes as they occur.) When a player has been assigned to a team, she must remain on that team as long as she remains in that league. Exceptions to this rule must be approved by the Utah State Board of Directors. This includes organization of new teams. Registration fees for Falcon/Filly teams \$65 & Fox \$75 if paid by May 20th. Payments made May 23rd through May 27th – \$75 /\$85 per team.
- A. Cities or leagues may opt to re-draft teams each year. If a city chooses to re-draft, it will be done in all U.G.S.A. associated leagues that are offered by that city. It will be expected that once a city changes it's draft system, it will continue with the new system in future years.
4. Flagrant behavior of a player will result in her temporary dismissal from participation in the U.G.S.A. organization. Length of suspension will be determined by the community director.
5. All teams must be in matching jerseys. It is suggested that pants or shorts should be the same style and color. Uniform issues **will not** be grounds for protests.
- A. No denim cut-offs
 - B. No metal spikes
 - C. No jewelry
 - D. No short-shorts allowed
 - E. Pants or shorts must be worn at the waist

SCHEDULES AND GAMES

1. All game scheduling and, where necessary, game rescheduling, will be community or area sponsored. To qualify for state tournament, each team must have played at least ten league games.
2. When a game is tied at the end of regulation innings or the expiration of the time limit, the game will be decided by an international tie-breaker.
3. Regulation game times may be established by each community for league play. Time limits that will be used for U.G.S.A. state tournament will be as follows:

LEAGUE	TIME LIMIT	INNINGS
Falcon	1 hour	6
Filly	1 hour 15 minutes	6
Fox	1 hour 15 minutes	6

4. Where there are no lights on the playing field, no new inning will start after sundown. Sundown is defined as the time when the sun goes behind the mountain. Where there are lights on the playing field, no games should start after 9:00 p.m. and no new inning should start after 11:00 p.m.
5. In all leagues if a team is leading it's opponent by at least 15 runs after three innings, 12 runs after 4 innings or 8 runs after five innings, the team in the lead will be declared the winner.

Mercy Rule Innings/Time	Runs Ahead	Visiting Team Innings Played	Home Team Innings Played
At 3 Innings	15	3	2 ½
At 4 Innings	12	4	3 ½
At 5 Innings	8	5	4 ½

6. If the game is called for weather reasons, the team ahead is declared the winner if 2 or more equal innings have been completed in the Falcon and 3 or more equal innings have been completed in Filly or Fox leagues. It is suggested that suspended games due to weather, that have not met legal game standards (explained above), will resume at the point where the game was stopped.

7. There will be no designated hitter in U.G.S.A.
8. Intentional walks are allowed in U.G.S.A.
9. In Falcon and Filly leagues, a batter may not advance on a dropped third strike.
10. The infield fly rule will **not** apply in Falcon and Filly leagues.
11. The catcher must remain silent as soon as the batter steps into the batters box.
12. Only positive comments will be allowed from both teams. No negative comments or cheers toward the other team will be tolerated.
13. In Falcon league, bunting will **not** be allowed. If a bunt is attempted, play is dead and the pitch will be counted as a strike.

PROTESTS AND PENALTIES

1. It is left to the cities discretion to determine how many uniformed players must be fielded before a forfeit is declared for their own league play. It is also left to the individual cities to decide whether automatic outs will be used.
2. The playing of illegal players shall result in the forfeiture of games in which players have participated illegally. The game must be protested by the opposing team's coach within 24 hours of the game in question. In tournament play, the game must be protested and taken care of immediately. An illegal player is one who is not legally a member of the team because she does not meet the grade requirement, the proper residence area, or the registration requirements.
3. Penalty for the use of an illegal player shall be the removal of the player from the line-up upon appeal by the opposing manager, notification by the official scorer or league official, providing the official scorebook or

other league records verify the ineligibility of the player concerned. Such players may also be declared illegal to play in the team's next game if such a violation is determined deliberate on the part of the player or her manager. An illegal player is one who is legally a member of the league, but who is illegal because of rule violation or has been declared illegal for other justifiable cause. For the purpose of interpreting this rule, a player shall not be considered in violation of the rules until at least one legal pitch has been thrown after the violation has occurred.

4. In the event that a manager of an illegal player refuses to remove the player in question from the line-up when the appeal is made and verified, the game is subject to a forfeit when it is protested properly.
5. A protest based on a play that involves umpire's judgement is not permitted.
6. In legal play, the objecting manager must notify the umpire, the official scorekeeper, and the opposing manager of a protest of violation or rules at the time of violation. If an immediate decision cannot be reached, the game will continue in protest status and the objecting manager must file in writing with the League President within 24 hours. The following information is necessary:
 - A. What inning it is.
 - B. The score at the time of protest.
 - C. How many outs.
 - D. How many base runners and on what bases.
 - E. The count on the batter.
 - F. Who was pitching.
 - G. What happened and what rule was violated.

If the protest is upheld by the league director, the game in concern shall be played from the point of protest.

7. In U.G.S.A., protests should be discouraged on technicalities and it should be observed that, unless an illegal player is being used or commits some unusual or major violation, a game forfeiture should not be involved.

8. If a manager, coach, or player has been removed from the game and refuses to leave the playing field or ballpark, the game will be deemed a forfeit.

MANAGING AND COACHING

1. Two adult coaches may be used on the base line. Only eligible players in uniform may be used as base coaches or coaches if an adult is not used. Players occupying coaches boxes must wear a protective helmet.
2. A coach or coaches cannot switch coaching boxes during an inning. Players, managers, and coaches must remain in the dugout, on the bench, or in the prescribed coaching box areas throughout the game.
3. The use of tobacco, chew, smoking, alcohol or un-prescribed drugs in any form by players, coaches, or adult leaders in the dugout, on the bench, on the playing field, or any time during the game is not permitted and such offenders are illegal for further participation in the U.G.S.A for that year.
4. Flagrant behavior of any manager/coach, spectator or player will not be tolerated. If he or she is removed from the game, he or she will leave the ballpark without exception. He or she will also be suspended from the next scheduled game. If the behavior is extremely bad, the person will be asked to meet with his or her own community or area director. Coaches are responsible for their own crowd control during the game.
5. It is the responsibility of the umpire to keep the game moving along not allow delay of game tactics.

CONFERENCES

1. Offensively, only one time out can be taken in a ½ inning. Coaches must give signs to all batters in a timely manner. Coaching players in between innings does not constitute a time out.
2. Defensive Conferences: The defensive team will be allowed a total of three conferences without penalty during a game. After three charged

conferences in a game, or for any charged conference in excess of one in each extra inning, the pitcher shall be removed as pitcher. A conference is not charged when a pitching change is made.

LEAGUES

1. Each community will determine the number of leagues in their respective communities and/or area and will also enforce league boundaries
 - A. If there are not organized teams or leagues from a community, that area will be considered as an unincorporated area. Girls from unincorporated areas will be allowed to join the league of a neighboring community. A neighboring community should be close in geographical proximity.
 - B. League boundaries are defined as city boundaries or multiple city boundaries if more than one city is involved in forming a league. Unincorporated areas may not be included as part of league boundaries, but players from these areas may join leagues close in geographical proximity.
 - C. Players should play within their boundaries. If, for any reason, a player wishes to play in another league outside of their boundary, they must:
 1. Obtain an application from current recreation department.
 2. Explain why and get the current league director's signature.
 3. Explain why and get the transfer director's signature.
 4. Present application with both signatures to U.G.S.A Board for approval. *This must be done before player may register outside their league boundary.
2. It is suggested that each league be composed of at least 4 teams. It is recommended that all leagues carry insurance for the personnel in their league.
3. Players must reside within league boundaries as of July 1st in order to be eligible to play. For late changes, the State Director must approve.

4. Players that are living in the borders of a geographical city but feed to a neighboring High School will have the option to play in either cities recreation league. (High School boundaries, not Junior High, Middle or Elementary School boundaries).

SPECIAL RULES

PITCHING

1. The pitcher must start with the pivot foot in contact with the plate. U.G.S.A. will allow a pitcher to step backward from the pitching plate with the non-pivot foot while delivering the ball. Falcon/Filly – no such thing as a crow hop, Fox will be called as per High School rules.
2. The pitcher must start pitching from inside the width of the pitching rubber. A staggering starting stance is allowed when starting to pitch.

BASE RUNNING

1. **Filly/Fox only** – When a pitcher is within the 8-foot radius or on the pitcher's plate with the ball in her possession (and not making a play on a runner), the base runner must **immediately attempt** to advance to the next base or return to the previous base.
2. Falcon only – All play must stop (Dead Ball) when the pitcher is standing within the pitching 8-foot radius circle and the ball enters or passes through the circle-regardless of whether the pitcher catches it or not, or the pitcher carries the ball in the circle. Base runners must go the nearest base. **No Delay Stealing**. Clarification-only applies to ball being thrown to the pitcher, not if thrown ball passes through the circle when trying to make a play on a base runner.
 - A. Any Filly or Fox player, who receives a base on balls, may advance beyond first base at her own risk. They will be declared out, however, if they stop between bases while the pitcher is holding the ball within the 8-foot radius circle.

- B. Any Falcon player who receives a base on balls, may not advance past first base.
3. The violation by one base runner shall affect all other base runners. If a base runner is out for leaving too soon, all other base runners must return to their bases occupied at the time of the dead ball call.
 4. In Falcon & Filly Leagues, the base runners shall not leave their bases until the pitched ball has reached the batter. The ball will be considered as having reached the batter when it reaches home plate. If the base runner leaves the base before the ball reaches the batter, the base runner is out. The pitched ball then becomes a dead ball. **Falcon will not be allowed to steal home when leading by 12 or more runs.**
 5. In Fox League, the base runners shall not leave their bases until the pitcher releases the ball to the batter. Any runners that leave too early will be called out. The pitched ball then becomes a dead ball.
 6. Slide Rule – A runner is out when they do not legally slide or attempt to get around a player who **HAS** the ball and is ready to make a tag. This is **NOT** a “must slide rule.” Any player who does not attempt to get around the player and causes malicious contact will be ejected from the game. Umpire discretion on attempt and malicious. Any fielder that blocks the base path without possession of the ball will be called with obstruction.
 7. 90 second Rule: Fox League only: Teams have 90 seconds from the point when the last out occurs to when the first pitch is to thrown to start the new half inning. This rule is to help pick up the pace of the game. Coaches are to teach players to hustle on and off the field, this will allow for more playing time and complete games.
 - A. Speed up runner for catcher only, must be **last out**.
 - B. If the pitcher is not ready at the end of 90 seconds, a ball will be called.
 - C. If the batter is not ready at the end of 90 seconds, a strike will be called.

- D. In cold weather situations, the umpire should use good judgement in enforcing this rule and error on the side of safety for the players arms.
- E. If either the offense or defense waives their right to 90 seconds, the opposing team still has the option to utilize their time.

PLAYERS IN THE LINE-UP

1. All leagues will play with ten defensive players (if that many are available). It is recommended that ALL players bat during league, with 10 defensive positions and free defensive substitutions. The extra defensive player will be in the outfield. The four defensive outfielders must be arranged in an evenly spaced (umbrella type) position with each player being approximately the same distance from home plate. All outfielders must be in position in the grass of the outfield (if there is a dirt infield) if not, then they must maintain at least a 20-foot distance from the baseline. No rovers will be permitted.

4. The use of metal cleats will not be allowed by U.G.S.A player in Falcon, Filly or Fox leagues.
5. It is required that a catcher must wear a chest protector, face mask, throat protector, and shin guards. Catchers should be ready to take the field when the last out occurs of their teams' offensive inning. If the catcher cannot warm up the pitcher, the coach should.
6. Helmets **MUST** be worn by the batter, the on-deck batter and by all base runners. If a youth player is being used as a base coach, then she **MUST** also wear the protective batting helmet. Helmets must remain on the head until the person reaches the dugout.

PROTESTS AND PENALTIES

4. Coaches should be notified of a rule violation he/she is making at the time and point in the game that it is made and noticed by anyone.
5. All protests must be made at the time of the infraction, before the next pitch is thrown, and will be handled quickly by the tournament director and the host committee of at least two additional people (3 total). Game clock will stop, however, no undue game delay will be allowed for lengthy protest procedures. If possible the tournament director can get the State Director or any other Board member on the phone to take care of the protest.
